Colour Claim

Colour is claimed as a feature of the trade-mark. The colours green, white and silver/grey are claimed as a feature of the mark. The mark consists of a silver/grey square with decorative edges fading into white in some areas of the top right and lower left corners. The silver/grey square is set at a slight angle lower on the left and higher on the right. Over the silver/grey square, and not angled, is a green square with decorative edges, on top of which is an angled, generally square shape with decorative edges in a darker shade of green. The letter "V" is centered in the top darker green square as a cutout so the silver/grey bottom square color shows through. There are lines running diagonal from the bottom left corner of the darker green square to the top right corner. These lines appear as 'cutouts' in the green square so the lighter green color of the square below shows through, and the lines fade into white on the part of the lines covering the silver/gray letter " V".
